

# Postbox

**Applies to companies, organisations and associations who pay in advance on invoice.**

## Facts

Postbox is both a service and an individualised address for companies, organisations and associations. The advantage of the service is that your incoming post is delivered to your post-office box earlier than a normal postal delivery, earliest 08:30.

You choose yourself when you want to collect your post, and on the days when you are not able to make a collection it is held securely.

The price of the service includes your own postal address, and you also have the option of having your post delivered direct to your company every working day, at an agreed time. (See the Delivery and/or Pick-up service.) You can easily collect other post sent to your post-office box, such as parcels or registered letters, usually from the same PostNord Business Service Centre/delivery point where your post-office box is located.

## Conditions

PostNord rents out the post-office box, and delivers items addressed to the customer's post-office box from 08:30 on normal working weekdays.

The customer receives two keys to the post-office box for the duration of the rental period. Become a customer via the customer portal. The customer pays to rent the post-office box half year in advance on invoice, at the rate applied by PostNord at the time of invoicing.

## Environmentally-certified distribution

PostNord is environmentally certified in accordance with ISO 14001, and we can also report service-specific environmental data to customers who would like this information.
